

TURF RENOVATION

STAND-ON SPREADER SPRAYER

GET
MORE
DONE
WITH
LESS.

TREATING TURF CAN BE A BIG JOB. Toro's Stand-On Spreader Sprayer makes it easier with features like Lean To Steer technology. With fast forward speeds, a large hopper and a 20-gallon spray tank, you'll spend less time refilling and more time getting the job done.

MAKE ADJUSTMENTS ON THE FLY with the easy-to-use control panel and Lean To Steer technology.

REDUCE FATIGUE with the stand-on operator platform, isolation mounts and padded knee bolster for a comfortable ride.

INCREASE VERSATILITY with one multi-use machine that allows you to feed and treat all turf types and property sizes.

**175 lb.
SPREADER/
HOPPER CAPACITY**

LEAN TO STEER TECHNOLOGY

Control forward/reverse and left/right steering with one hand, allowing adjustments to be made on the fly.

LARGE CAPACITY

From the 20-gallon spray tank and 175-lb. hopper capacity to the 1.59-gallon fuel tank, this unit is designed to maximize ground coverage and reduce refill stops.

EASY-TO-USE CONTROLS

The easy-to-operate control panel allows the operator to conveniently make adjustments to spread and spray settings.
