

# Speedrooter 92R<sup>®</sup>

Automatic Feed

Easier handling – same toughness.

The Speedrooter 92R has root cutting power combined with a power cable feed to take a lot of the work out of clearing stoppages.

The feed drives 3/4" and 5/8" cables and has the pulling power to get the cable out of the line even on long, tough jobs. To adjust for 3/4" or 5/8" cables, you simply turn the knob on top of the feed. The cable runs through a guide spring attached to the feed into the drain opening, making it a hands-off operation.

Getting to and from the job is easier, because the Speedrooter has ten-inch wheels, V-belt stair climbers, and a loading wheel mounted on the handle to help you lift the machine into a truck. A capacitor start 1/3 hp motor drives the machine. Standard safety features include air foot pedal, ground fault circuit interrupter and safety slip clutch.

#### Folding Handle

Handle folds to take less space in car trunk.

#### Portability, Convenience and Safety

Equipped with ten inch wheels, stair climbers, tool box, and ground fault circuit interrupter.

#### Specifications:

##### Weight:

115 lbs. without cable. (52 kg).

##### Dimensions:

26" D; 22" W; 41" H (66 cm x 56 cm x 104 cm).

##### Cage:

Equipped with inner drum cage and distributor tube spring; holds 100 ft. x 3/4" or 5/8" cable.

##### Motor:

1/3 hp with capacitor start, overload protection, and Forward/Off/Reverse switch. 20 ft. power cord and ground fault circuit interrupter.

##### Wheels:

10" semi-pneumatic with roller bearings. Passive brake locks machine during operation.

##### Safety Slip Clutch:

Protects cable and operator.

##### Foot Switch:

Pneumatic, with no electrical contact between pedal and motor.

##### Power Cable Feed:

Drives or retracts cable at variable speed without having to reverse motor rotation.

##### Leather Gloves:

With double-reinforced palm, for hand protection when guiding cable.

##### Cutters:

See Parts and Accessories on page 14.

##### Cables:

3/4" diameter for 4" to 10" lines and 3" lines without sharp bends; 5/8" diameter for 3" to 6" lines.

##### Truck Loading Wheel:

Enables one person to lift machine into truck bed.

##### Tool Box:

Attached to rear of machine.

##### Stair Climbers:

V-belts running on nylon rollers.

Instructional Video included.
