During the warranty period, ICS® will replace or, at its option, repair for the original purchaser only, free of charge, any product or part manufactured by ICS® which is found upon examination by ICS® to be defective in material and/or workmanship. The purchaser shall be responsible for all transportation charges and any cost of removing any part submitted for replacement under this warranty. Your emission related warranty does not cover components whose failure would not increase evaporative emissions. Coverage under this warranty extends only to the following parts; fuel tank, fuel cap, fuel hose and vapor hose from the fuel tank to the engine and any connectors that are apart of the fuel system.

The equipment is free from defects in materials and workmanship that may keep it from meeting these requirements.
