The STIHL MS 251 Chain Saw is powerful, fuel-efficient and easy to use. Ergonomically designed to bring you maximum comfort during use, this tool produces 50 percent less emissions (as compared to previous models) for a smaller impact on the environment. The MS 251 packs features like a Master Control Lever™ and easy-to-refill fuel and oil tanks, so you can worry less about starting and operating your equipment, and have more time getting your outdoor jobs done.

Standard Features

- Improved fuel efficiency for longer run time and up to 20 percent fuel savings as compared to the MS 250
- Improved air filtration system with pre-separation air filtration and round canister style air filter
- Reduced vibration and ergonomic design makes it comfortable to operate and reduces fatigue
- 50 percent reduced emissions to lessen the impact on the environment as compared to the previous model
- Master Control Lever™ to make starting, operating, and stopping easy
- Winter/summer shutter to adjust for seasonal operation
